Cross Words Kill a Bird.
A bird which receives a scolding is made as miserable and unhappy thereby as a child would be. To illustrate this Our Dumb Animals tells the following story:

A Massachusetts woman had a few years ago a beautiful canary bird which she dearly loved and to which she had never spoken an unkind word in her life.

One day the church organist was away, and she stopped after church to play the organ for the Sunday school. In consequence of this the dinner had to be put off an hour, and when she got home her good husband was very angry, and he spoke to her unkindly.

The things were put on, and they sat down in silence at the table, and presently the bird began to chirp at her as it always had to attract her attention. To shame her husband for having spoken so she turned to the bird and for the first time in her life spoke to it in a most violent and angry tone. In less than five minutes there was a fluttering in the cage. She sprang to the cage. The bird was dead.

Mrs. Hendricks, the wife of the late vice president of the United States, said that she once killed a mockingbird in the same way. It annoyed her by loud singing. To stop it she spoke in a violent tone and pretended to throw something at it, and within five minutes it was dead.

More Honest.

"Have you noticed any difference in your wife since she became converted and joined the church?"
"Yes; she asks me to wait an hour for her now instead of a minute."—Harper's Bazar.

A Man to Let Alone.

"What kind of a man is your new bookkeeper?"
"He's this kind: If you say two words to him, he'll say 200."—Detroit Free Press.

HOW BUSINESS LOOKS IN WASHOE.

The JOURNAL had something to say
in its issue of yesterday about Gen-
eral prosperity in the State. The ob-
ject in view in what was said was not
stated, was to secure attention and co-
operation by everybody in connection
with present and future development
of the State's resources, and to direct
the attention of the outside world in
an indirect way to the great wealth
there is in the State, for those who
will make the required effort to secure
it.

Having made some general observa-
tions upon present and future pros-
perity in the State as we see and un-
derstand the chances at work which will
lead to a grand future, it may be well
to direct attention more particularly
to Washoe, where some of the late im-
proved conditions have made an ap-
pearance. The evidence that makes it
known that Washoe is not on the out-
side of general prosperity in the State,
is the confidence as a general factor
which has taken hold upon the people.
There is more confidence in the present
and future to Washoe than there has
been in all of its past history. The
change is so complete that the old
growler has absorbed it till he is so full
of it that it chokes him when his
chronic growl comes to the surface,
which is a victory not to be despised
when silence is secured in Growltown.

Mining interests and general busi-
ness have made more progress than
agriculture, which has an explanation
in supply and demand. Agriculture
follows as a way is prepared to receive
its supplies. It is not a leader, and
never will be, as it is confined to the
farms. Its office is to furnish supplies,
but it is quick to learn when the world
or any part of it has consumed its sur-
plus, and the incoming crop is depend-
ent upon for a supply.

In Washoe agricultural interests
have received some stimulus from in-
dustrial progress, and they are up to
the place where the new crop is re-
quired to supply the demand, but the
demand is not sufficiently acute to
cause an advance in prices by jumps.
Should progress continue in the way it
has taken it will be of sufficient size in
the near future to go out alone to do
business with the farmer, when it will
be heard remarked on the streets of
Reno, "sold too soon."

The demand for beef and mutton
continues more from war conditions
than from other causes. An advance
of ten per cent was made in the price
of beef the day following election.
War will likely continue for some
time to come, which will very likely
cause a continued advance in the
price of meats until the war spirit is
exhausted. Markets will be favorable
in the future to stock interests in the
State, which will contribute to make a
market for the close farmer. Stock
and agricultural interests seem to be
very well provided for in the future,
as the world is going at this time,
provided McKinley will continue to
send us good crops and plenty of snow
and rain.

The mine interests of the county at
no time have been so advanced as they
are at this writing, but they are still
in an incipient state of development.
Continued development inspires con-
fidence in their values and perma-
nence, which is having a very per-
ceptible effect upon those who are
connected with the work and owner-
ship of the properties. It is claimed
by a few experts that there are no large
bodies of ore in our mines, but the
eyes of experts do not uncover a mine
to any greater depth than the eyes of
others. It requires picks, shovels and
drills to do that sort of work, which
are being applied to the satisfaction of
those who are making the application.

The practical experts in Washoe say
there is not anything in a mine to
theatrical expert's eyes till he can see
it, which abolishes the necessity there
is for a theatrical expert as a practical
miner can then know and tell all there
is worth knowing and repeating when
the mine is open and ore is in sight.
Values in paying quantities continue
to be taken from a number of claims,
which have, as developments are made,
an appearance of a continued increase
in values in the ore furnished. The
values in the ores in the Washoe kind
mine as well as its location are phe-
nomenal but it continues to give val-
ue in an extraordinary way.

The increased demand for lumber
from the forests of the Sierras has had

its effect upon business energy in a
marked manner. These causes, with
others, have given life to business and
energy is everywhere making an ap-
pearance. The late change in the
management of the N-O-O. railway
shows the difference there is in a sickly
and half dead direction of business
and a living intelligent direction of it,
backed by energy.

The road has received new life by
being brought into true relation with
its environment which will cause a
healthy flow of business life in all of
its arteries which will increase its
business and earning capacity and cor-
respondingly benefit the communities
from which it receives its business
support and earnings. When business
is required business men must be
given charge, or the requirement will
be overlooked or set aside.

HAPPENINGS IN NEVADA

News of All the Counties in the State Clipped From Ex- changes.

The mining prospects east of Gard-
nerville promise well.

Storey has fallen another step. The
election returns show that she is the
third county in the State in voting
population, Washoe ranking first and
Elko second. How the mighty have
fallen!—*Report.*

James Robinson, night telegraph
operator at Stone House has accepted
a seventy-five days' engagement in the
county jail. Robinson stole a revolver
from a value which was checked to
Stone House for someone living near
there.—*Silver State.*

Charles Kemler's team arrived here
yesterday with twenty tons of ore
from the Little Humboldt mines. The
ore was shipped to Selby & Co today.
It carries about 20 per cent copper and
will net the owners a nice surplus over
the shipping and reduction expenses.

Death of F. S. Chapman.

The Carson *Appeal* of yesterday
morning has the following to say of a
well known resident of Lassen and Mo-
dooc counties in the early days, and who
was also well known in this com-
munity:

"F. S. Chapman, father of Mrs. J. E.
Richardson, Miss Edna Chapman and
Mrs. Will U. Mackey of Carson, died at
his home in Angels Camp, Cal., on
Tuesday evening, November 13th.
Death was the result of a complication
of kidney and bladder troubles."

"Mr. Chapman was well known in
Lassen and Modoc counties, where he
had held positions of honor and trust.
He was county clerk of Modoc county
for several terms. In 1885 he left Cal-
ifornia and visited the Bishop Creek
country, but finally settled at Angels
Camp."

The Lottery Evil.

Is our Legislature to be debauched?
It is learned that \$200,000 will be paid
out to influence legislation in favor of
the lottery bill. This thieving syndi-
cate paid \$1,500,000 annually to the
State of Louisiana in order to be per-
mitted to carry on its nefarious busi-
ness, but the people of that State
finally threw off the incubus which was
driving it on toward moral and finan-
cial ruin. Will the legislators of Ne-
vada assert their manhood and stand
firm? Let us hold up the weak hands.

Fine Stock For Sale.

A. Banta has about a dozen thorough-
bred short horn bull calves from
twenty months old down for sale at his
ranch on Truckee Meadows. These
calves are in fine form and are equal,
if not superior, to any short horn stock
in the State. Those desiring such
stock will do well to call at Mr. Banta's
ranch and see these fine bovines before
purchasing. Postoffice address, Reno,
Nevada, Box 243. W. O. SMOY,
nov17ml Agent.

Decision Affirmed.

The Supreme Court yesterday handed
down its opinion in the case of Victor
Bouton, convicted of cattle stealing in
this county last spring and sentenced to
seven years in State Prison. The
opinion is by Chief Justice Bonnell
and is concurred in by the full court.
The judgment of the District Court is
affirmed, and Bouton will serve his full
term.—*Silver State.*

"Scotty" in Town.

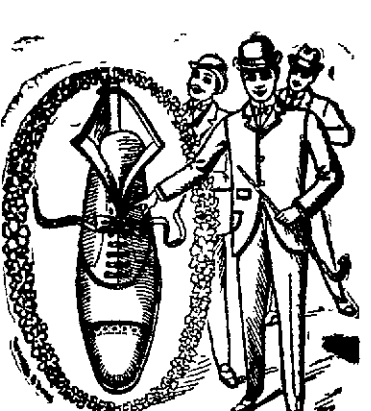

Captain Linscott came down from
Modoc county and will leave for Wash-
ington in a few days. "Scotty" has
sold out his cattle interests in the
north and will make Reno his home as
soon as he concludes his official du-
ties at the national capital.

Still Buying Horses.

The Government is still purchasing
cavalry horses in the west and agents

No. 237
Virginia Street,

Turned the Kid Loose.

James Lewis, alias "Kid," was before
the bar of justice yesterday on the
charge of embezzling money, watch,
chain and six-shooter, to the value of
\$100. The property was alleged to have
been taken from the till of the Palm
saloon, owned by M. A. Ballard.

Several witnesses were examined by
District Attorney Williams, but no
facts were elicited which positively
connected the prisoner with the al-
leged-to-be-stolen articles. Attorney
Copeland declined to present a defense
and moved for the discharge of the de-
fendant on the grounds of lack of evi-
dence. Judge Linn made a ruling to
this effect.

Astounded The Editor.

Editor S. A. Brown, of the Bennetts-
ville, S. C., was once immensely sur-
prised. "Through long suffering from
Dyspepsia," he writes, "my wife was
greatly run down. She had no strength
or vigor and suffered great distress
from her stomach, but she tried Elec-
tric Bitters which helped her at once,
and, after using four bottles, she is en-
tirely well, can eat anything. It's a
grand tonic, and its gentle laxative
qualities are splendid for torpid liver."
For indigestion, loss of Appetite,
Stomach and Liver troubles it's a posi-
tive, guaranteed cure. Only 50 cents a

not take place Thursday as advertised.
It will probably be played Monday.

The weather yesterday morning re-

all who were forced to go out looking

IRRIGATION
CONFERENCE

Congressmen Newlands Interest-
ed in a Vital Prob-
lem.

Irrigation is the most important subject that is thought of, studied and discussed by the people of this State. Our growth and welfare depends almost entirely upon conservation and distribution of the waters of the streams which flow down from the mountains.

Water storage and irrigation mean more for Nevada than development of mines, establishment of manufacturing industries or building of railroads. In fact, to a certain extent, these advantages are assisted and hastened by quenching the thirst of desert soils and making arid lands fruitful.

During the next session of Congress there will probably be legislation favoring the arid west. Preparations have been made that pave the way toward appropriations for building storage reservoirs and assisting in constructing systems of irrigation canals.

Small appropriations have already been made and the money expended in measuring the flow in Nevada streams.

Congressman Newlands will devote his best efforts in the National Irrigation Congress and the Washington legislative halls to bringing about this "conservation devotedly to be wished."

He will arrive in Reno this morning and will be pleased to confer with his constituency this afternoon at 3 o'clock in Bryan club hall, to obtain their views upon this matter of such vital importance. You are invited to attend

M. Frank & Co. have secured a large block of advertising space on the editorial page. This firm is a believer in printer's ink. They are shelving large invoices of holiday goods and will quote prices in a day or two that will surprise you.

The Frank Golden Jewelry Company has taken space in the JOURNAL to advertise a splendid line of holiday jewelry, clocks, watches, optical goods, etc. Mr. Golden has secured the services of Dr. W. G. Doane, the only graduate optician practicing in the State.

A. Banta has some fine thoroughbred short horn bull calves from twenty months down for sale at his ranch on the Truckee Meadows. These calves are in fine form. Those desiring such stock would do well to examine Mr. Banta's stock before purchasing.

The Smelter Will
Soon Resume.

Trustee Darling of the Reno Smelting and Milling company informed a JOURNAL reporter yesterday that the new smelter will probably be in operation in two weeks. Within the last day or two several large blocks of stock have been taken and sufficient more should easily be obtained to make the new plan feasible.

Notwithstanding that winter is upon us, claim owners are continuing their development work unabated, expecting to take out a little stake before spring.

Shall We Incorporate?

In a few weeks the State legislature will be in session. Nothing of more vital importance to the village of Reno could come before that body than an act to reincorporate. If it is the desire of a majority of our citizens to have such an act passed, it will be passed.

Following this legislation would be a special election. If the people of Reno favor reincorporation they should follow every phase of its progress, in order to prevent any gang or clique obtaining control and subverting public good to private gain.

Excursion Called Off.

General Manager Dunaway has called off the excursion from the north that was to have been brought in this evening. The purpose of the N-C-O. and S. V. R. R. companies was to run a free train and to be reimbursed by the business men of Reno, but our people fell down on the proposition.

REVEL OF
THE OWLS

This Club Gave the First Social
of Its Series Last
Night.

The merry Owls assembled in Investment hall last evening and hooted and tripped the happy hours away. This club is like the French Society of Immortals. It has seventy members, and no others need apply until a vacancy is caused by death, resignation or elop.

Very few were absent last night. Sixty young and jolly people threaded the giddy mazes of the waltz.

Dr. Coffin, Will Merklinger and Harry Heidtman, attired in smiles, oryenthemums and the conventional black, officiated as floor managers, whenever Tom Biggs permitted them to. Julien's orchestra provided excellent music.

The program embraced a ladies' choice, Spanish waltz and a dozen or two other interesting numbers.

At midnight the doors of the banquet hall were thrown open. The room was tastefully decorated and every good thing to eat and drink was to be had in abundance. During the supper there were strains of delicious music of harp, violin and flute. Signors Auletto, Marino and Schwert were the artists.

This was the Owls' first dance for the season, but it promises to be often repeated.

Many Things Are Meant
By many dealers who claim to handle groceries. When they advertise GOOD GROCERIES no mention is made of PRICE. When price is mentioned QUALITY IS OVERLOOKED. Again, sometimes they dwell on the virtues of a LARGE STOCK. In this case no claim is made to carrying FRESH GOODS.

We Preach the Three Main Virtues of Groceries—
Quality Quantity Price
They are mentioned in their regular order and the happy combination is causing hosts of pleased patrons at our store.
